Go to the people. Live with them. Learn from them.

Students of the Mahatma Gandhi Institute of Medical
Science learn more from people in the community
than from their books.

They live with the people, experience the challenges
of rural life and learn valuable lessons in humility
and empathy.

It is this learning that shapes their identities as doctors.

लोगों के पास जाओ। उनके संग रहो। उनसे सीखो।

महात्मा गांधी आयुर्विज्ञान संस्थान के विद्यार्थी सा-अ को
अध्ययन न चरितार्थ करते है।

अपनी पाठ्य पुस्तकों की अपेक्षा ग्राम्य समाज से अधिक सीखते है।
ग्रामीणों के बीच कर ग्राम्य जीवन की चुनौतियों का अनुभव
करते है जीवनव्रत और सहानुभूति का अनुठा पाठ पढते है।

ढ़ग सीख उनके चिकित्सक स्वरूप का गढता है।
