*Mobile clinic

Here is a photograph from one such clinic situated in Ganeshpur village, field practice area of Rural Health Training Centre of Anji.

The concept of this clinic is unique and it is called at Community owned health centre- Kiran clinic. The representative committee of village themselves manage the regular activities of clinic like providing space, volunteer for clerical task, maintaining finance record and future planning of activities while department of community medicine supports the for technical aspects like providing guidance to start such clinic, maintaining records, Human resources in terms of Doctors and ANMs and vehicular support to daily mobilising them from RHTC. Under department of Community medicine such clinics are running in 27 villages on weekly basis (Except one clinic runs biweekly basis) for more than last 20 years (Except 2 clinics started in last 5 years).
