Have you ever wondered how life would be if you lost your vision? The IQAC MGIMS conducted a disability sensitization workshop in collaboration with the Xavier's Resource Centre for the Visually Challenged (XRCVC).

In this two-hour workshop called **Antarchakshu** ("The eye within") participants got an immersion experience into the world of people with visual impairments (blindness and low vision). They had a free-wheeling conversation with the visually impaired and learnt how they make their way into the world, doing everyday things, in an extraordinary manner.
